

**UCMUG MEETING — SEPTEMBER 18, 2007 — 6:30pm—
At Cumberland Cove, Welcome Center**

President Bill George brought in a box he had received with an iMac for the Mac Lab set - up in the Cove Welcome Center. He had also received a second one that had a damaged box which he is now negotiating with the supplier. Concerning the Mac Lab Larry Meyers mentioned the latest info he had received from the Common Properties subcommittee of the Cove Board. Currently they would like to have only a maximum of two Macs set up and used for a trial six month period. This is so any problems or conditions of equipment and/or students/employees problems can be determined and resolved amicably. President George stated that, for now, the two computers are his which he is loaning for the project. He also announced that a quorum for business was now present.

Warner Siebert reported that he had contacted the Putnam County and Crossville Libraries and that any renewals for Mac World and Mac Life will be forwarded to our Treasurer.

Treasurer, Bob Errick reported a balance of \$1,653.54 in the Treasury. Woody Geisler moved for approval of the report which was seconded by Tina Geisler and passed unanimously.
